We’re on a mission to improve financial lives

Stanford Federal Credit Union was founded in 1959 by a group of Stanford University employees who wanted a financial institution dedicated to serving Stanford. Membership grew to include the entire Stanford community—faculty, staff, students and alumni. Today our community includes innovators like Google, Facebook-Meta, Tesla, Amazon, Genentech, Oracle and Visa. As a financial cooperative, we’re focused on people, not profit.

About
