

*We're on a mission to improve financial lives*

Stanford Federal Credit Union was founded in 1959 by a group of Stanford University employees who wanted a financial institution dedicated to serving Stanford. Membership grew to include the entire Stanford community—faculty, staff, students and alumni. Today our community includes innovators like Google, Facebook, Tesla, Genentech, Amazon, Oracle and Visa. As a financial cooperative, we're focused on people, not profit.

## About
